

GARVIT SONI

Full-Stack Developer (BCA Student) | Karauli, Rajasthan | +91 7737990156 | garvitfr@gmail.com

PROFESSIONAL OBJECTIVE

Motivated BCA student with a strong foundation in both front-end and back-end development. Seeking an internship to apply my skills in React.js, Node.js, and database management to build efficient and scalable web solutions.

TECHNICAL SKILLS

Front-End: React.js, Tailwind CSS, JavaScript (ES6+), Bootstrap, HTML5, CSS3

Back-End: Node.js, Express.js, RESTful APIs, Multer, Cloudinary Integration

Databases: MongoDB Atlas (Mongoose), MySQL (Relational)

Tools: VS Code, Git/GitHub, Postman, PreparedStatement (Java)

CORE PROJECTS

Homecare Web Application (Full-Stack)

- Developed a full-stack home service platform using the MERN stack. Built RESTful APIs for category management and integrated Cloudinary for secure image handling.

Course-Based Educational Platform

- Created a responsive course platform using React.js and Tailwind CSS. Implemented features like course listing, ratings, and progress tracking with Context API.

FoodWebApp (Full-Stack)

- Built a full-stack food application backend using Node.js, Express.js, and MySQL. Implemented user authentication and structured API routes with controller-based logic.

EDUCATION

Bachelor of Computer Applications (BCA)

Expected Graduation: 2027

VGU, Karauli, Rajasthan

- Relevant Coursework: Java Database Connectivity (JDBC), Data Structures, Web Technologies

RKCL Full Stack Development Diploma

Completed: January 2026

Rajasthan Knowledge Corporation Limited (RKCL)

- Percentage: 89.67% (Duration: 1 Year)

LANGUAGES

- English:** Professional working proficiency (Fluent communication focus)
- Hindi:** Native proficiency
